Will you accept our mere word for this? Possibly not. But we owe it to you, and every sick one, to make a simple statement of the truth. The response to the offer will not rest upon us, then, if you neglect the means of certain cure offered you in our great medical discovery.

**VITONA**

"The New Way to Health"

This wonderful prescription is not a mere patent medicine—has been used with marvellous success in hundreds of cases by a physician of high repute. It contains no secret ingredients discovered by a German chemist, from whom we have purchased the American rights. This chemical agent acts directly on the blood, cleansing it of all impurities, restoring the germ, and thereby restoring health to all the vital organs which depend upon the condition of the blood.

"Vitona" is the only medicinal agent which will protect the liver, stomach and kidneys from the ravages of blood disease and don't allow it. They think the ailment is local to the organs affected and treat them instead of getting at the real seat of the disease and eradicating it completely by means of Vitona. Here are symptoms of blood trouble:

**Some Dangerous Symptoms:**

Headache, Indigestion, Coated Tongue, Backache, Exhaustion, Poor Appetite, Sallow Complexion, Biliousness, Constipation or Sleeplessness.

**Don't Delay! Act!**

If you have a single one of these symptoms, it is a sign that your blood needs treatment, and you should not delay an hour, but begin using "Vitona" at once. You can be saved and restored to perfect health by means of this great remedy and you owe it to yourself, your family and friends to take prompt steps to put yourself at once in the way to recovery. Price of Vitona is \$1.00. Written guarantee given with each bottle.

New York, Oct. 1.—Joseph Jefferson has formally announced his retirement from the stage. The veteran comedian says he has decided absolutely never to resume his theatrical career. He arrived here yesterday from Boston, where he had rested a few days after leaving Buzzard's Bay, where he had been taken ill. He is convalescent, but still must be judicious in guarding his returning strength, and will remain for three weeks, after which he will go by easy stages to Florida, stopping in Washington for a time and again in Atlanta.

**Blaze in Toledo.**

**MUD STUCK**

When Vermillion Threw at an Obstreperous Male and Hit a Pural Mail Box.

Indianapolis, Ind., Oct. 1.—George Vermillion of Vigo county, who threw at a mule and hit a rural mail box, was arrested by Deputy United States Marshal Thomas Martin of this city, and taken to the United States Commission at Terre Haute.

"willfully and maliciously injuring a mail box."

The complainant in the case was James D. Greenlee, one of Vermillion's neighbors. He, it seems, lives some distance back from the road, and Vermillion, to show he was both neighborly and a good fellow, not only gave Greenlee permission to put a box on his land, but furnished the box.

It is said that the two men "fell out" some time ago, and that Greenlee was awaiting a chance to get even. Vermillion, it seems, has some mules, and in endeavoring to bend them to his own will he hurled clods of earth at them, but his aim was poor and he hit the mail box, on which was engraved the name of Greenlee. A heavy dew had fallen the night before and the clod stuck.

This gave Greenlee an opportunity and he caused complaint to be filed against Vermillion for "willfully and maliciously injuring a mail box."

United States Commissioner Higgins promptly released Vermillion as soon as he heard the story of the matter.

**Think Decision Unjust.**

Havana, Oct. 1.—Cigar manufacturers here regard the decision of the United States treasury department in the cigar stamp case as unjust to Cuban interests. They see no reason for protecting manufacturers in the United States to the extent of removing the only conspicuous evidence that the contents of a box of cigars was imported. The decision having already been announced, it is doubtful whether the Cuban government will make representations on the subject to Washington. Manufacturers, however, may adopt the custom of conspicuously branding cigar boxes with the words, "Made in Havana."

**Skull Was Crushed.**

St. Louis, Oct. 1.—The dead body of a well dressed man, supposed from a laundry mark on the collar to have been from Austin, Texas, has been found near the shore of Creve Coeur lake, about 12 miles west of here, with the skull crushed in and other bruises about the head. Physicians state that the body must have been there for more than a week. The police believe that the motive for the killing was robbery, as no pocket book or papers of any kind were found in the clothing of the dead man.

**Shot Husband and Self.**

Muncie, Ind., Oct. 1.—In one of the principal streets here Mrs. Jennie Gorman shot her husband twice in the back and then turned the weapon on herself, sending two bullets into her head. At the hospital Gorman's condition was pronounced critical. Mrs. Gorman was removed to her home in a dying condition. Yesterday Mrs. Gorman and her husband were arrested on charges of murdering him with desertion. He was released on bail.

St. Louis, Mo., March 23, 1903.

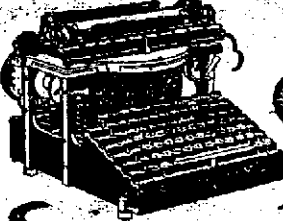

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

## WINE OF CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment? All druggists sell \$1.00 bottles Wine of Cardui.

## REGISTRATION DAYS

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 8, 1904, MUST REGISTER anew this year, regardless of any and all previous registrations.

The days for registration are as follows:

THURSDAY, OCT. 13.

THURSDAY, OCT. 20.

FRIDAY, OCT. 28.

SATURDAY, OCT. 29.

Since J. P. Morgan came out flat-footed for Roosevelt we haven't heard anything about Wall street being behind Judge Parker.

President Roosevelt promised to continue the policies of McKinley. He kept the promise by adhering to all of McKinley's bad policies and looting off all his good ones.

While Republican orators are howling about the Panama canal, in Ohio they ought to devote some time to explaining the Ohio canal steals that have been engineered by Republican bosses and fathered by Republican legislation in this state.

If President Roosevelt's election were left to a board consisting of General Miles, Admiral Dewey and Admiral Schley, it would not take long to see his fate determined. This is a part of the campaign which the veterans of the Civil and Spanish-American wars cannot ignore with justice to

Every day since the election has noted a marked advance in national Democratic prospects and a corresponding decline in Republican.

A couple of Tuscarawas county Republican newspapers are disturbed over the fact that the old soldiers are going to vote for their comrade's son, Hon. J. E. Hurst, for Congress. But there is nothing new or strange about it. The old soldiers of Tuscarawas are simply going to vote the way they have always voted when Mr. Hurst was a candidate, and they are amply able to give their good reasons why they support him.

In the campaign in Ohio every Republican candidate for a local office represents the leadership and the legislation which disgraced the state of Ohio during the session of the late legislature. Every Democratic candidate for a local office represents the popular protest against the acts of that legislature. Voters who want to emphasize their contempt for those acts can best do so by voting for Democratic candidates on local tickets at the approaching election.

## DOES HE DEFY LABOR UNIONS?

The New York Evening Post (Sept. 25, 1904) quotes Chairman Fassett of the Republican State Convention at Saratoga as saying in his speech lauding Roosevelt:

"that brave and fearless President who dared to defy the labor unions."

Presumably Chairman Fassett referred to the stubborn indifference of President Roosevelt to the prayers, petitions and resolutions from thousands of workmen in unions all over the United States, begging him to protect the civil rights of wage workers in Colorado who were torn from their homes by the military usurpers under Republican Governor Peabody, and either thrown into the bullpen or exiled, solely because they refused to renounce their unions.

"Does this official action of President Roosevelt toward organized labor recommend him to wage-earning voters?"

## The Candidates Contrasted.

That was a notable action on the part of the Democratic candidate, in view of President Roosevelt's notorious offenses of the kind despised and condemned by Judge Parker.

Mr. Roosevelt's literary works, written before he became president, teem with savage criticisms and personal reflections against many of his predecessors in office including Jefferson, Jackson, Madison and Monroe. But we do not have to go so far back in the president's strenuous career to find him indulging his taste for venom in this direction. In his letter of acceptance he openly attacks his Democratic opponent for the presidency, undertaking to belittle the motives which caused him to send his celebrated telegram to the St. Louis convention. He also accuses Judge Parker of insincerity, exhibited at various times, in his attitude toward public questions and in every way justifies the expectation of his brutality in politics never early raised in the mind of any person familiar with his exploits in literature.

Judge Parker's attitude in the campaign, contrasted with that of President Roosevelt, undeniably presents one of the strongest arguments in favor of the Democratic candidate. If President Roosevelt could succeed in reducing the whole campaign to a question of personal fitness for office of president there would be a good chance for Judge Parker to be elected unanimously.

## All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

## Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued to use it till the sores disappeared." Mrs. M. O. Snow, Rurford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

## What a Democratic President Can Do.

A reader of the Chicago Examiner, who assumed that the United States Senate would have a Republican majority for four years yet, wrote to the Examiner asking what a Democratic President could do to curb the trusts. And he is answered in this wise:

He might get a few Republican Senators together quietly and talk to them like this:

"I am aware that he and many others of you are vitally interested in a great deal of legislation which you ingeniously slip through your legislative body."

"I know that your distinguished membership has a vital interest in every piece of wholesale corporation rascality that goes on in the country."

"I am going after that rascality and I am going to get at it. I am going to have the right kind of Attorney-General—I'll keep changing him until I get the right kind—and he will have the right sort of assistants."

"I was put here by the people of the United States—and I think more of their will than of Senatorial dignity. The people want the trusts curbed and the tariff changed to do away with trust breeding."

"I propose to see that the people have what they want. I advise you polite gentlemen to be very careful how you use your places to defeat the people's will."

"Of course, I stay and shall stay strictly within constitutional limits. But I'll try to show you that the Constitution contains a few clauses in favor of public honesty, and that it was not designed as an instrument to defeat the will of the majority."

"I think I'll convince you of a fact recently overlooked—that the Constitution favors government by the people—not by the trusts or by corrupt Senators."

"My particular task as executive is enforcement of the laws."

"I'll try to interest you in the way I'll enforce the laws that declare trusts criminal organizations."

"I advise you to go back to the Senate and regulate your votes according to the will of the people, and not according to the interests of the corporations that send and keep you here."

And then it is pointed out that a firm and determined Democratic President, backed by the people, could make the trusts and the hireling Senators who support them look insignificant. It is recalled in the same article that Andrew Jackson, when he was in the right, succeeded in accomplishing his ends. The United States bank in his day was a tremendous force but "by the Eternal," he showed it that a President of the United States, with justice on his side, was superior to all the combined dishonesty that could be arrayed against him. Judge Parker, when elected and inaugurated, will be supported by the people of this country. They know that he has the courage to do what should be done and they will stand by him. If the Senate attempts to put itself in the way it will be to its shame.

Hear the music dashing and jolly in "Trial by Jury" at Parish House tonight.

IN OHIO REPUBLICAN MAJORITY IS A CERTAINTY.

Managers Figuring on Only 30,000—Reaping Fatal Harvest of Hanna Boodle Seed.

Columbus O., Oct. 1.—The Republican managers of Ohio have revised their figures in regard to the outcome of the election in this state. The authority for this statement cannot be given, but your correspondent is in a position to assert its absolute truthfulness. Indeed, if the source of the admission were known, it would astonish and disconcert the Republican rank and file throughout the state and inspire Democrats everywhere with new ambition to do their utmost to carry Ohio.

The Republican managers until very recently have been looking back to their plurality of 114,000 last year with the self-satisfying assurance that such a wide margin to go on gave them nothing to fear for the future. The shrewd men among the leaders like Dick and Malloy, of course did not take last year's plurality as a standard, but even they were encouraged to look upon Ohio as practically a sure thing for any old ticket, state or national, which the Republicans might nominate or any old platform they might adopt.

A sudden change has come over the spirit of Republican dreams at the state headquarters in this city. It may be stated positively that Dick and the associates in whom he really has confidence are now figuring how to manage an Ohio campaign that is not expected, even under the most favorable circumstances, to result in a Republican plurality in the state of more than 30,000. This is an awful drop from the common assurance with which the prospect in Ohio was regarded by the Republican leaders only a short time ago, due to their large majorities of recent years.

If Republican hopes have taken such a slump as this it is not surprising that Democratic expectations in this state have correspondingly risen during the past two weeks. The Republicans are now beginning to reap the fatal harvest of the boodle seed which they sowed in every campaign in Ohio while Hanna was at the helm. For eight years under the Hanna regime an army of mercenaries, maintained at vast expense, assisted the Republican organization throughout the state. These men worked for money and got it. Today the cash is not at hand, partly because the man who so readily raised it is no longer among the living, and partly because the enormous Republican pluralities of recent years make the Wall street leaders of the party feel that giving money to help the Republican cause in Ohio is like throwing it to the birds. There will be immense dissatisfaction among the subsidized workers of the party throughout the state this year and their disaffection will be felt at the polls. Chairman Dick and his associates also realize that the true Democratic strength in this state has not been represented at elections within the past twelve years by approximately 120,000 votes. With the Democrats voting their normal strength the result in Ohio this year is practically narrowed down to the increase of new voters. If the tendency of this element is toward Judge Parker the national ticket has a chance to carry the state. This chance is certainly indicated by

one means or another, when the Republican managers begin to figure on how to keep their plurality up to at least 30,000. When Ohio is as close as that there is no way of predicting which way it will go, and when the Democratic gain thus estimated has been made in this state it means that a corresponding gain will surely carry states like Indiana and West Virginia for the Democracy.

At Democratic state headquarters an aggressive spirit prevails and the conviction is evident, not only that Parker and Davis will be elected, but that some valuable work toward that end may be accomplished in Ohio. Chairman Garber's latest visit to New York greatly strengthened his former faith in Democratic victory this year. A vigorous campaign will be inaugurated immediately following the formal opening at Lima. The Republicans will not have any the best of the speaking program, as they have had in recent presidential years. In all matters of practical organization and all measures calculated to stir up enthusiasm and get out the vote, the two great parties will meet during the next few weeks on an equal footing for the first time in a dozen years.

## FOUND DEAD

**WAS ADAM LANGE AT HIS HOME SOUTH OF ETNA.**

**Death Due to Apoplexy—Miss Hannah Trimble of Otego, Dies from the Same Cause.**

Adam Lange, who for years has been a well known saw mill and threshing machine operator, was found dead at his home about 1-2 miles south of Etna, Thursday, death being due to apoplexy. Mr. Lange, who was about 55 years of age and left the house for the purpose of feeding the hogs, and as he did not return when expected, his son, William, started to ascertain the cause. He found his father dead in the yard.

Mr. Lange leaves besides his widow who is in feeble health, two daughters and five sons.

The funeral will be held Sunday afternoon and will be under the direction of the Etna Lodge of Odd Fellows, of which he was a prominent member. Burial will take place at Mt. Zion.

#### ANOTHER SUDDEN DEATH.

After being found unconscious under a tree in the yard of her home, two miles north of Otego, Friday evening Miss Hannah Anne Trimble, 35, died shortly after, before the services of the physician, Dr. T. R. Wilson, could be procured.

Miss Trimble, who lived with her brother, John Trimble, and her aunt, was attending to her household duties. She wanted to get some peaches for supper and went out into the orchard. After gathering a quantity of the fruit, she started to return to the house.

Miss Trimble had proceeded only a short distance when she grew very tired and sat down under a tree to rest. She became unconscious and was in that condition when members of the household alarmed at her continued absence, started an investigation. They found her seated under the tree, her breathing being very feeble.

The physician pronounced death to be due to a stroke of apoplexy.

## PROMISED

**During Twenty Years to Marry Her, But Didn't, Says the Agged Woman Who Sues Ross.**

Xenia, O., Oct. 1.—The breach of promise suit filed here by Miss Zilpha Wilkinson, aged 63, against John T. Ross, aged 81, for \$12,401, is undoubtedly a record breaker as far as age is concerned in this particular line of litigation.

The petition alleges that John T. Ross, who is a very wealthy land owner and cattle man of this county, in 1861 took Zilpha for his housekeeper, promising to pay her \$156 a year for her services, which he did for some 20 years, but finally seemed to get forgetful, and up to last June he was in arrears to the extent of over \$1,200. In the meantime his housekeeper, it is alleged, at his request invested some \$1,200 in furniture and various necessities, and he also failed to repay her for this.

In 1882 Zilpha says that Ross promised to marry her, but constantly and continually postponed the ceremony for the next 20 years, always assuring her that it would soon take place until last June, when "he wholly refused to keep his promise and drove her from his home to her damage in the sum of \$10,000." Mr. Ross is an invalid, being confined to his bed with various ailments to which old age are subject, but it is understood that he will bitterly contest the suit.

## CAMPAIGN

**Waged Against Berman G. Dawes, the Former Newark Man, Who is Running for Congress, is Hot.**

The campaign over in the Fifteenth, Zanesville Marietta congressional district, where Berman G. Dawes, a former Newark man, is the Republican nominee and Ernest B. Schneider of Zanesville, the Democratic candidate, is waxing warm. This is the district so long represented in the lower branch of Congress by Mr. Van Voorhis, brother of Samuel F. Van Voorhis of this city.

Mr. Dawes has not only to fight the Democracy, but also a part of his own party led principally by D. D. (Guernsey) Taylor and Col. Riley of Marietta. The Zanesville Times-Recorder, of which George K. Browning is one of the owners and directors, is none too warm in its support, but Mr. Dawes is attending strictly to business and he is recognized as a shrewd manager.

The following paragraph from the Zanesville Times-Recorder will show how that paper injects its influence into the campaign against Mr. Dawes, the nominee of that paper's party:

"It is a matter of regret that two such influential Republicans as Hon. D. D. Taylor and Col. J. J. Riley are openly and vigorously opposing the election of B. G. Dawes, the Republican congressional candidate. The grounds on which they base their opposition are serious ones and we trust for the welfare of the party he for the moment represents, that Mr. Dawes will be able to exonerate himself and not be hampered in the desperate fight being waged against him."

## MRS. PHIPPS

**Engaged to H. Hart McKee, According to Rumor—Both Are Now in New York.**

New York, Oct. 1.—Rumors are in circulation that Mrs. Phipps, the divorced wife of Lawrence C. Phipps, of Pittsburgh, and H. Hart McKee are to be married.

Mrs. Phipps arrived from Pittsburgh accompanied by her two children, whose forcible removal from her care by their father last June led to the domestic dispute which terminated in divorce. She was assigned to the same suite of apartments at the Hotel Netherland which she occupied when Mr. Phipps at 6 o'clock in the morning abducted his children and took them to Denver.

It is said that Mrs. Phipps will sail for Europe shortly, taking with her the two children. The report is that Mr. McKee will also take passage for the other side of the Atlantic before many days perhaps on a British steamer next week.

It is reported that Mr. McKee is in the city, where he has apartments which he rents by the year.

Mr. McKee is free to marry, his wife having obtained a divorce several years ago, and his friends say that the story of his engagement to Mrs. Phipps is not at all improbable. Mr. McKee is the son of H. Sellers McKee, the wealthy glass manufacturer of Pittsburgh. He spends most of his time in this city, where he belongs to several clubs.

Mr. McKee and Mrs. Phipps have known each other since they were children, and they are related by marriage. The father of Mrs. Phipps had a brother who married a sister of Mr. McKee's mother, in the way the relationship has been expressed.

Mrs. Speer's dancing school will open Monday evening, October 3, at Brennan's hall. Dancing from 8 to 12 o'clock. 26d6t

## WIFE ARRIVES

**TO ACCOMPANY INSANE HUSBAND BACK HOME.**

**Bad Associations in Zanesville and Newark Result of Discouragement Driven to Drink.**

Mr. and Mrs. Albert Golding, in the company of Chief of Police John Arter of Zanesville, passed through Newark Friday evening over the B. & O. en route to Detroit. The Zanesville officer had charge of the demented man Golding and may accompany him to London, Canada.

Mrs. Golding arrived in Zanesville Friday noon. She called at police headquarters and by Chief Arter was taken to the county jail, where she met her husband who was placed under arrest last Friday evening and who has since been proved to be mentally deranged.

The unfortunate man is a Mason, being a member of St. George's lodge of London, Canada. Mrs. Golding was summoned by a telegram forwarded to London by the police.

Golding has always been a traveling salesman. He has been away from home a great deal. He left London, Canada, for the United States the latter part of April. Since that time Mrs. Golding has heard but seldom from him.

It is said by Mrs. Golding her husband's earnings in this country were not what he had expected to accomplish. He became discouraged and downhearted. The cities visited were Detroit, Toledo, Newark and Zanesville.

Golding's family consists of Mrs. Golding and four children. None but the eldest son is able to earn a livelihood.

In the company of his wife and upon his return to old surroundings Golding is expected to again become himself. His bad associations in Newark and Zanesville are thought to have been because he was driven to drink by his discouragement.

All who pay their subscription in advance will be entitled to make estimates on the Licking county vote \$500 in prizes. See announcement in another column.

#### Well Known in Newark.

The Democratic convention of the Common Pleas district, composed of the counties of Athens, Perry, Washington and Monroe, met at Marietta this week. W. E. Fink of Perry county placed the name of L. W. Ellenwood of Washington county, in nomination, and George Deshler of Washington seconded the nomination. He was named by acclamation.

Mr. Ellenwood is a prominent attorney of Marietta, and is Past Grand Chancellor of the Knights of Pythias of Ohio. He has many friends in Newark having visited the Knights' lodges here a number of times.

#### SHOWING THE WAY.

**This Public Statement of a Newark Citizen Will Be Appreciated.**

"Many a reader of this in Newark has gone through the self-same experience in part, and will be glad to be shown the way to get rid of the constant aches and pains of a bad back. Profit by a Newark citizen's experience.

T. Henderson, of 489 Baltimore street, says: "I can only say that after giving Doan's Kidney Pills a trial, they showed themselves to be all that was claimed for them. I had a good deal of pain over my kidneys. If I contracted a cold, no matter how slight, it always affected them first, and as a result my back grew worse being frequently so painful that it was more than I could do sometimes to straighten up. The urine was of a bad odor and color—evidence that the kidneys were not altogether right. After I obtained Doan's Kidney Pills at Crayton's drug store all this trouble was corrected. The kidneys passed away the impurities and my back was strong and free from pain."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## LODGE NEWS

**Royal Arcanum.**  
Bayard Taylor Council, No. 221, Royal Arcanum, of this city, held a well-attended and enthusiastic meeting on Monday evening. Considerable work of importance to the council was transacted. Arrangements are being made to initiate a large class of applicants for membership about the middle of October. The meeting held on Monday night was one of the most interesting held in a long time.

**Odd Fellows.**  
When we look at the immense problems that are daily confronting people of the world, it reminds us that we must be on the alert if we would accomplish anything of importance. It would be a man among men it is necessary to stand firmly on the principles of right and justice, study the great law of success and apply the very best of principles to our everyday life. If we would be scholars we must devote our time to the study of those things which strengthen and broaden the intellect; if we would be business men we must apply ourselves to the general principles which underlie the strongest business methods. There is opportunity for men to rise in the world by using the proper methods, but it cannot be done by sitting idly by and waiting for something to come our way. The Order of Odd Fellows assist greatly in educating and disciplining the mind for greater usefulness in the world because it brings men together on a common level and associates them together in a manner which they could not otherwise realize, and by thus coming in contact with each other they obtain new ideas and new methods of procedure which will always be of benefit to them in any undertaking.—Iowa Odd Fellow.

**Knights of Pythias.**  
At the meeting of Newark Lodge, No. 13, Knights of Pythias, held on Thursday night, there was a good attendance of the members and considerable business of importance was transacted. Two applications for membership were received, the Page rank was conferred on two candidates and the Esquire rank on two candidates. At the conclusion of the work a social session was held, at which refreshments were served.

At the meeting of Roland Lodge, Knights of Pythias, held on Wednesday night the Page and Esquire ranks were conferred and five applications for membership were received.

**Masonic.**  
A stated convocation of St. Luke's Commandery, No. 34, Knights Templar, was held on Tuesday night on which occasion one petition for membership was received, two candidates elected and the Order of the Red Cross conferred on three. The work was followed by a supper. There will be no more meetings until the regular October meeting on account of the meeting of the different grand bodies.

On Monday night a stated convocation of Warren Chapter, No. 6, R. A. M., will be held on which occasion it is desired that as many of the members as can do will be present.

A stated assembly of Bigelow Council, No. 7, R. and S. M., will be held on Wednesday night, on which occasion there will be work.

**American Insurance Union.**  
Newark Chapter No. 24 held a large and enthusiastic meeting Thursday evening, September 29. Five candidates were instructed in the secret work of the order, and six new applications were received and acted upon. After the close of the meeting the members were invited to the dining room where the contents of thirty watermelons were looked after in a very pleasant manner. A large number is expected on the sick list this week. Members not attending these meetings are missing a great treat. Newark Chapter is fortunate to have but one member on the sick list during the past week.

**Camels.**  
Monarch lodge will hold a social session on Tuesday night, October 11. A program of musical and literary numbers will be rendered in which the famous Camel quartet will be heard in several selections. After the evening's entertainment an oyster supper will be served. All members of Monarch lodge with their wives or lady friends are invited and are urged to bring their gentlemen friends who are interested in the order and who, with their ladies will be given a cordial welcome. It is expected that this social session will inaugurate the fall campaign for members and as Monarch lodge is going to try for a class of 100 candidates before Thanksgiving it is important that every member be present.

A full attendance is expected for next Tuesday night, when the committee on by-laws will make its final report and ask for the adoption of the same by the lodge. Let every Camel attend this meeting and plan with the officers for a good time this winter.

**A. O. U. W.**  
Golden Rod Lodge No. 100 A. O. U. W., will hold a social session at the lodge hall next Monday night, October 3. Kangaroo court will be one of the features of the evening, followed by music and addresses. After the entertainment, elder, gingerbread and doughnuts will be served to be followed by a smoker. All members of the A. O. U. W. are earnestly invited to be present.

J. King Gregory, state deputy, is in the city in the interests of the order, and Golden Rod lodge expects to have a large number of candidates before the year comes to a close.

Statistical report of the supreme lodge for July, 1904, shows 4,465 members reinstated, and 1,268 new members were secured, while only 185 members were lost by suspension. As July is one of the bad months in the year to do lodge work it will be seen that the record is very good, and shows that this noble order is heaving a healthy growth.

**Modern Woodmen.**  
At a meeting of Cedar Camp on last Wednesday evening considerable business of importance was transacted. Arrangements were made to run a special car to Zanesville on next Tuesday evening, October 4th, leaving Newark station at 6:30 p. m. and leaving Zanesville at 11:15 p. m. The officers and team of Cedar Camp will empty the work on a class of candidates for Buckeye Camp of Zanesville and that camp will return the compliment by visiting Newark on October 12, with their officers, and team to put on the work in Newark. The fare for the round trip will be 40 cents and tickets can be procured from the team or at the Woodmen office. A full attendance of Cedar Camp is desired.

**WORLD'S FAIR ACCOMMODATIONS.**  
The St. Louis Young Men's Christian Association has organized a "World's Fair bureau," through which it is prepared to furnish reliable accommodations at reasonable rates in hotels, boarding houses, and splendid private homes. This is really an extension of the boarding house register which such associations have always maintained for the benefit of strangers. The St. Louis association makes no charge to its patrons, either directly or indirectly, for the service, and the benefits of the bureau are extended not only to young men, but to the public generally. Those interested are invited to correspond with E. P. Shepherd, Secretary Y. M. C. A. World's Fair Bureau, Grand and Franklin Aves., St. Louis.

**CORN CUTTER**  
Which Cost the Inventor Just 75 Cents But It Does the Work in Fine Style.

Coshocton, Oct. 1.—E. E. Raymer, a farmer living near Canal Lewisville, has proved himself an inventor and hereafter corn-cutting will be almost as simple as raking hay.

That his invention is a practical one was demonstrated when he cut 114 shocks of corn with his machine while one of his neighbors who boasts of a brand new corn binder of the most approved order only cut 30 shocks.

Mr. Raymer's corn cutter is so simple that his neighbors will be wondering why the idea was not thought of a hundred years ago before the old-fashioned corn shaker came into use.

He took an old cross-cut saw and made knives out of it which he attached onto the sides of a V-shaped sled with the point projecting ahead. To this principle contrivance he hitched a horse and driving between two rows of corn cut two rows at a time. He walks behind the machine and the corn stalks fall over into his arms and he shocks them as he goes.

Mr. Raymer is justly proud of his invention, which cost him the munificent sum of seventy-five cents.

Mr. George J. Lucas of Beaumont, Texas, will be at the Licking County Fair with an extensive and interesting exhibit of all kinds. He will have rice of all varieties and fruits and vegetables of every description grown on Texas soil. The rice will be shown in all stages of growth and development from the plant in the field to the completely finished product.

The County Fair this year will be a record-breaker.

**FOR A GHOST**  
His Aunt Was Taken by Young Tisdale and He Fired at Her, Death Resulting Instantly.

Richmond, Ky., Oct. 1.—Mrs. Eliza Foster was accidentally killed by her nephew, Walter Tisdale, with whom she made her home at White's Station. Mrs. Foster arose about 11 o'clock and went out into the yard. She wore her night garments, and making a ghostly figure in the moonlight, frightened Tisdale's wife, who waking, noticed some one in the yard.

His wife's screams awoke Tisdale, who also saw Mrs. Foster's figure advancing toward the house, and he quickly grabbed his shotgun. Although he ordered Mrs. Foster to halt, she, doubtless failing to hear or understand him, steadily came onward, whereupon Tisdale raised his gun and fired, killing his aunt instantly. Tisdale is nearly distracted.

Secretary Farmer has been busily engaged this week in mailing and distributing tickets for "Children's Day" at the Fair. It is earnestly requested that all school children failing to secure tickets for the Fair, make it known to the gate keeper Wednesday of Fair week.

## In The Field of Sport : : : BALL GAME

Between Utica and a Team Organized by "Lefty" Snyder Will Play, Here Tomorrow.

The ball game between Utica and a team being organized by "Lefty" Snyder and Joe Doyle will undoubtedly be an interesting contest. **Akron Season Closes.**  
Akron, O., Oct. 1.—The season for the Akron baseball team closes with the games with Zanesville Saturday. When the southerners play a double-header here for one admission. The Akron season has been most successful and the association has paid off a \$2,500 indebtedness and has a comfortable sum of money stored away to the good. Interest in the games has waned slightly and for the past week the attendance has been poor. Wednesday's game, with one of the best teams that has played here, St. Paul, of the American Association, showed by the number of people present, 1,599 that baseball is out of season.

Everything is now in readiness for the big fair to be held next week and with good weather will be a big success. The work of making the necessary improvements on the grounds has all been completed, the new barns have been finished and the old ones have been repaired. The roof on the grand stand has been completed, and the race track has been scraped and graded and placed in first class condition. The buildings and grounds were never in better condition and the society will be able to take care of its patrons, both its exhibitors and visitors. The proposed Merchants and Manufacturers' Day is meeting with the approval of all, and the indications are that there will be one of the biggest crowds on Thursday that ever came together on the fair grounds. Wednesday will be Children's Day.

## THE RAILWAYS

O. C. CASTLE MADE CHIEF CLERK VICE D. S. IRWIN.

D. P. Needham's Eye Injured by Burn. Budget of Local Railway News Items.

The following circular has just been issued by Superintendent B. V. Duer, of the Pittsburg division of the E. & O. railroad:

Pittsburg, Pa., Oct. 1. Circular No. 91.

Effective this date Mr. O. C. Castle is appointed Chief Clerk vice Mr. D. S. Irwin, resigned.

B. V. DUER, Superintendent.  
Mr. Castle is a well known Newark having resided here a number of years. At the breaking out of the Spanish-American war he went to the front as Major W. A. Irvine's sergeant major in the Seventh Ohio. At the close of the war he took service with the Pan Handle railroad company as operator, and about three years ago he entered the service of the B. & O., and for a time was clerk in one of the offices at Baltimore, Md. Afterwards he was sent to Butler, Pa., where he held a clerical position up to the present time. His many Newark friends congratulate him on his well deserved promotion.

**Thousand Employees Out.**  
Wellsville, O., Oct. 1.—Over 1,000 employees of the Pennsylvania system northwest and the Pennsylvania system southwest, left the service of the company last night because of a general order that has just been issued and made operative.

No employee of the company who was hired after he reached the age of 35 years, is to be retained. If a man was hired before he was 35 then he retains his position.

Station employees, road men and shop employees feel the force of this order. On the Cleveland and Pittsburg railroad alone, about 50 employees of the company were out of positions at midnight.

**Mr. Peters' Statement.**  
Columbus, Oct. 1.—General Superintendent Peters, of the southwest system of the Pennsylvania lines, when asked about the Wellsville dispatch about Larring the employment on the Pennsylvania lines of men over 35, said "No such sweeping order has been issued. It is the rule of the department through which men are employed not to accept for service men over 35. This rule is some times digressed from in cases to tide over stringencies. Such men of excessive age are usually employed for six months. It is these men that are being let out as they can be spared."

**Employee's Eye Burned.**  
D. P. Needham, an employee of the B. & O. machine shops, met with a very painful and serious accident while at work on Friday. His right eye was fearfully burned by coming in contact with the steam pipes. Dr. Morse is attending him.

## SHOE SOLE

Is the Evidence Which May Convict Fallis of Robbing His Employer of \$2,200.

Columbus, Ind., Oct. 30.—William Fallis has been arrested charged with burglarizing the home of Charles S. Notzmeier, a wealthy farmer, living near this city, of a purse containing \$2,200. It is said that Notzmeier was afraid of banks and kept his cash about the house in different places. Some money was not found. A broken shoe sole may be the strongest evidence to convict the party arrested. Fallis who came from Frankfort Ky. a short time ago, was working as a farm hand for Notzmeier. A few days ago he left for Kentucky and a detective followed. In his home town he learned, he says, that the man is wanted in Harrodsburg, Ky., and arrested him on suspicion.

## GRAND JURY

IS EXPECTED TO MAKE A REPORT ON MONDAY.

A Budget of Paragraphs Concerning News of Court House—Really Transfers.

It is expected that the grand jury will report some time on Monday.

**Defendants File Answer.**  
In the case of Zetta Marks, administratrix of the estate of Harry Marks, deceased, against William F. Driscoll and others, the defendants by their attorneys Kibler & Kibler, have filed their answer. They say that they are the owners of lot 3128 in the Graele, Clifton and Lingsfelder addition to Newark, and that the plaintiff has no right, title, interest, claim or lien on the property, and ask that the petition of the plaintiff be dismissed.

**Petition for Divorce.**  
Eva Taff, by her attorneys, Smythe & Smythe, has filed a petition in the Probate court in which she asks for a divorce from her husband, Charles Taff. The parties were married October 16, 1903, and no children were born of the marriage. The plaintiff says that two weeks after their marriage her husband assaulted and choked her, and that on numerous occasions thereafter he assaulted and threatened to kill her. She says that on the 22d of January, 1904 a separation occurred between them, and that she is afraid to live with him. She charges her husband with cruelty and failure to provide, and in addition to being divorced from him she asks that she be restored to her maiden name of Eva Kern.

**Taken to Asylum.**  
William A. Kneller, the young man near Luray who was adjudged insane and ordered sent to the State Hospital at Columbus, on Friday, and who was taken over to that institution by Deputy Sheriff William Linke and Dr. O. M. Kramer, of Hebron, made a strong resistance. Mr. Kneller is a powerful young man, aged 22 years, and it required the efforts of several men to get him into the car. They were obliged to strap his legs together before they could control him, and upon arriving at Columbus had to carry him to a cab that was in waiting. This was one of the most difficult cases to manage that has ever occurred in this vicinity. As the patient is quite a young man and comes from a good and healthy family and his habits have been good, it is hoped that his insanity will only be of a short duration.

**Case is Appealed.**  
In the case of William Mansberger against the Columbus, Buckeye Lake & Newark Traction company, wherein the plaintiff brought suit in Squire T. L. King's court to recover \$89.25 alleged to be due him for services as station agent at Hebron, and which was decided in favor of the defendant, the plaintiff has appealed the case to the Common Pleas court.

**Court Notes.**  
Harry Houtt has been appointed guardian of Hughie Justin Houtt, aged six years, the minor son of and heir of Annie Houtt.

Attorney Carl Norpell has been appointed administrator of the estate of Samuel V. Baughman, deceased, of Fallsbury township, Bond, \$3000.  
In the case of Daniel Murphy, the Columbus man, who was killed in this city on Sunday morning, Sept. 25, by being struck by a Pan Handle train at the Cedar street crossing, Coroner C. F. Legge has returned the following verdict: "Accidentally killed by the cars."

## SOLDIER'S EYE

Held Open and His Hand Guided Across the Pension Voucher Though Man Was Dead.

St. Paul, Minn., Oct. 1.—Fenton vouchers, signed by a dead soldier, whose eye was held open and whose cold hand held a pen, which was guided across the paper, have been detected as forgeries by H. L. Roethe, special examiner in pensions, after an exciting and arduous search. Mr. Roethe returned from Dash, N. D., and reported his work done. Prosecution will follow.

Some time ago Mrs. Catherine Farham sent to Minneapolis vouchers and a sworn statement that her husband had been no suspicion it had not been noted that the mailing date on the letter was September 4. Each statement bore a notarial seal, and this complicated the case. The fact that the man had died and had been buried was easily proved. One incriminating fact was learned. The soldier had died at Cartwright, north of the order line, in Canada. Thus the seal was valueless, although the notary had once lived in Dash. Roethe then learned that the soldier had a daughter by his first wife, and that she lived half way to Cartwright. From her it was learned that her father had died September 1. This was enough to prove the falsity of the vouchers and make a case against the notary, who had changed the date, which, in itself is a misdemeanor.

Roethe proceeded to Cartwright and learned how the notary, who lived with the family of the dead soldier, had decided that the soldier showed signs of life several days after his death, and had put a pen in his hand and opened his eye that he might see.

## HIGH TRESTLE

RUNAWAY HORSE DASHES HALF WAY ACROSS.

Aged Driver Keeps the Animal From Swerving to Death—It Falls Between Ties.

Columbus, O., Oct. 1.—A runaway horse dashed half way across the trestle of the Columbus, Buckeye Lake & Newark railway over Alum creek while John Pavey, 60, driver, kept him to the track. The animal was finally stopped by falling into the apertures between the ties. At the point the buggy, almost demolished, was stopped. The height of the trestle is estimated at 60 feet. The slightest swerve either way would have hurled horse and driver to instant death. The horse was gotten out by tying its feet together and he was pulled all the way back to solid ground without accident. The down grade from the center of the trestle to the west helped out this plan. Both the horse and driver escaped without so much as a scratch.

## MERGER

Of Three Big Tobacco Companies Prevented by Injunctions Secured by Three Stockholders.

New York, Oct. 1.—Stockholders of the Consolidated Continental and American Tobacco Companies held special meetings at the Lorillard factory in Jersey City, but they were not allowed to merge the three corporations into one immense company, with a capital of nearly \$250,000,000, as had been planned. It was with this object in view that the special meetings were called. Three dissenting stockholders, Julius B. Ickelheimer, of Manhattan, Henry Kessell, of Auburn N. Y., and James M. Rankin, of Jersey City, secured from Vice Chancellor Pitney, of Newark, a temporary injunction forbidding the stockholders of the three companies from perfecting the merger and ordering them to show cause at Newark on October 11 why the injunction should not be made permanent. The complaining stockholders alleged that part of the plan of the proposed merger is to exchange one-half of the Consolidated company's 4 per cent bonds into 6 per cent cumulative preferred stock of the new company and that this exchange would injure their holdings. The injunction did not forbid the voting of stock, however, and the stockholders of the Continental and American companies cast their votes according to the original program.

After the meeting Mr. Fuller announced that 99 per cent of the stock of the Consolidated company would be voted in favor of the merger.
